McGraw-Hill's Conversational American English: The Illustrated Guide To Everyday Expressions Of American English (McGraw-Hill ESL References)

Synopsis

Learn more than 3,000 English expressions and speak and understand the language easily. As a new speaker of English, you may hear some expressions in your daily conversations that you do not understand--yet. McGraw-Hill's Conversational American English will help you learn these expressions, so not only do you know what a person is saying to you, but that you can use the expression yourself! More than 3,000 expressions are organized by theme, so you can find what you are looking for quickly. And each topic is illustrated to further help you understand context. The book features: Common expressions are batched into 350 themes, ranging from general greetings and asking how someone is, to the more specific needs, like showing disbelief, asking someone's intentions, and expressions for a forgotten word or name. A comprehensive thematic glossary provides an additional means for the learner to locate expressions by key words and concepts. Topics include: Basic Social Encounters, Greetings, Small Talk, Introductions, Ending a Conversation, Good-Byes, Agreeing, Disagreeing Conversational Encounters, Focusing Attention, Launching the Conversation, Making Friends, Complex Matters, Disputes, Discussion and Resolution, Polite Encounters, Prefaces, Communication Barriers.

Customer Reviews

Tried using this as the primary textbook for a conversational English class at church and found out that it is best used to supplement other teaching methods. It does provide a thorough covering of conversational English but many of the words are no longer used (at least in this generation). Even the slang words were not as up to date as I would have liked but we were able to contextualize some of the phrases as being more appropriate to different age groups. In the end, I still use this to determine a topic for each week, such as "Making Friends" or "Expressing Forgiveness" but then either develop my own lessons or use many of the free ESL worksheets and activities available online.

In my view, this book can be very useful for these non-native English speakers who need to make their English more conversational and more American. Perhaps it is good to be complemented by listening experience - in the impossibility of a real conversational partner YouTube, films, audio conversations may suffice.

I bought this book to be used at an English club. I think it's well organized and covers all the basics to learn the language. I'll recommend it for my friends.

I use this for a filler when I have finished my ESL lessons and have more time to kill. The students find it entertaining.

This book is phenomenal. You should totally buy this book if you want to improve your skills in English language, especially if you are studying it as a second language.

Good for reference, but would be much better with an activity book or something to go with it. Maybe there's something out there that I haven't found yet, though.

Good for beginners and for reference. The content is well organized, but was expecting more out of this book so a little disappointed.

This is not I wanted for my class. How can I return this?
