# Spanish Reader Advanced III: Spanish Short Stories (Spanish Reader For Beginners, Intermediate & Advanced Students N° 7) (Spanish Edition)

## **Synopsis**

Introduction Spanish Reader for Beginner, Intermediate, and Advanced Students began as a project consisting of six Spanish Readers; however, due to the amount of e-mails we have received from our readers, the series will now include two additional books: Spanish Reader Advanced III , and Spanish Reader Advanced IV All eight Spanish Readers comprehend various intuitive learning techniques within short stories in Spanish with an unusual twist; a unique creation by Costa Rica SpanishOnline for the growing amount of independent learners; the individuals I have taught since 1982. Spanish Reader for Advanced Students III provides structure practice, such as The Imperfect Subjunctive, The Present Perfect Subjunctive, The Future, and The Future Perfect; among others. As in the first six volumes of Spanish Readers, you will find original, entertaining stories with Spanish Grammar in mind: the challenges have taken on. I hope you find this book as enjoyable as it is for me to present it to you. Iris Acevedo A. Author/Owner

## **Customer Reviews**

Again, kudos to attention paid to "spiraling" vocabulary words so they reappear in slightly different phrases. This series, combined with Kindle App dictionaries and Flashcard features make language acquisition enjoyable. Four stories in this collection. An estranged couple meets in a tavern to

explore reasons to reunite; a fly-on-the-wall observation of a community organizing to improve living standards; first-person account of a police sweep in a marketplace; a worried farmer/rancher attempts to return to his finca through torrential rain and high water. Entertaining, educational!

I liked it, but there are a few errors that need to be corrected.
