The 5-Minute Clinical Consult 2017 (The 5-Minute Consult Series)

Synopsis

Make quick and accurate diagnoses and treatment decisions at the point of care with this bestselling guide! The 5-Minute Clinical Consult Standard 2017 is a practical and useful resource for primary care clinicians, as well as those in family medicine, emergency medicine, nursing, and pediatrics. Using a three-column, bulleted format, the print edition provides rapid access to diagnosis, treatment, medications, follow-up, and associated factors for more than 570 diseases and conditions, plus over 110 diagnostic and therapeutic algorithms.Â The 5-Minute Clinical Consult Standard 2017, 25th Edition, includes:

- Succinct information on more than 570 commonly encountered diseases and disorders and 110 treatment and diagnostic algorithms (20 are new!)
- ICD-10 codes
- Evidence-based medicine content, fully updated and easily accessible for quick reference.
- Accurate drug dosing information carefully reviewed by a PharmD
- Written by esteemed internal medicine and family medicine practitioners and published by the leading publisher in medical content,

The 5-Minute Clinical Consult Standard 2017, 25th Edition includes a Free Trial to 5MinuteConsult.comÂ 5MinuteConsult.com is a quicker, more valuable, evidence-based, online workflow tool easily integrated at the point of care. 5MinuteConsult.com provides online-exclusive content, including:

- Â Differential diagnosis support from an expanded collection of algorithms
- Current evidence-based designations highlighted in each topic
- 570+ commonly encountered diseases in print, with an additional 1,400 online topics, including content from The 5-Minute Pediatric Consult and Rosen & Barkinâ™s 5-Minute Emergency Medicine Consult
- Thousands of images to help support visual diagnosis of all conditions
- Video library of procedures, treatment, and physical therapy
- A-to-Z Drug Database from Facts & ComparisonsÂ®
- Laboratory test interpretation from Wallachâ™s Interpretation of Diagnostic Tests
- More than 3,000 patient handouts in English and Spanish
- ICD-10 codes, DSM-5 criteria, and SNOMED codes
- Quick-access link to the U.S. Preventive Services Task Force calculator
- Point-of-care CME/CE:Â .5 credits while you search the site to find the best treatment for your patients. This activity has been reviewed and is acceptable for up to 20 prescribed credits by the AAFP and the ANCC

Customer Reviews

For the KINDLE version: In an otherwise really good book, the online links that are necessary to access some of the content is extremely distracting and makes searching for topics quite inefficient. I have the 5 minute consult pediatrics from a previous year and consider that book indispensable. However after owning this one for 1-2 months I find that I am not using it as I used the other version.

I wish I had had this from the very first day of nursing school. This book is an absolute must have for anyone in nursing school, and especially NP school. Absolutely love. Truly use on a daily basis. Not one of those throw away books you use for 1 semester, then toss. You will use this for LIFE.

I really like this book. Summarized the disease process, first/second line of treatment, diagnostic test and special consideration, even included the alternative meds, medical and surgical procedures, and clinical pearls, ICD codes, etc... Got it the same day I ordered. Maybe I will update to 5 stars later. Thanks.

Super convenient, helps during clinical and helps with my SOAP notes!!

This is the best book I have purchased for my FNP graduate degree. I use it all the time. Highly recommend!

Excellent book. still faster than looking up online. Good condition even used and since used, good

price.

Quickly becoming my first medical reference. Also great reference for teaching medical students.
