Customer Reviews

I write a lot of Grad papers and use a thesaurus to help with wording. My current one I had since I was in the military back in 00, so it was 13 years old. I decided I need a new one and purchased this one. It is not my favorite but it works. It is a little confusing finding the words due to how they are arranged in here. It was printed in 2010 but not as good as my old one but usable!

This Oxford Paperback Thesaurus is a very good book. The definition is great and I would recommend this book to my friends.

Accomplishes what I desired-a thesaurus source.

Baisc, but useful at high school level.
