## Customer Reviews

This review is actually of Mary Ellen Snodgrass' Cliff Notes for "The Handmaid's Tale" and not Margaret Atwood's novel, which is one of the few late 20th-century works for which there is a little

yellow book. Snodgrass begins with a concise review of Atwood's life, background and published works. By way of setting up the novel, Snodgrass takes the rather unusual step of providing comments from various reviewers of "The Handmaid's Tale." Establishing it as work of speculative fiction that warns (predicts?) of a triumph of totalitarianism, Snodgrass puts the novel in the tradition of dystopian novels such as "1984," "Brave New World," "A Clockwork Orange," "Fahrenheit 451," etc. (all of which would serve as interesting analogs for students to compare/contrast). We are then provided a list of characters, a very useful time line covering the events in the novel, and a brief synopsis of the novel. In terms of Critical Commentaries, Snodgrass looks at the three epigraphs that open the novel and then each of the fifteen chapters and the "historical notes," offering brief descriptions and then commentary. Two of the strengths of her approach are that Snodgrass puts literary concepts in boldface and "translates" difficult words and phrases that are important in the novel. A Genealogy of Offred and Janine (Ofwarren) is included, along with a small map of New England. For Critical Essays, Snodgrass focuses on Literary Analysis (existential apologetics, oral history, speculative fiction, confession, dystopia), over a dozen Literary Devices (simile, symbol, historical and cultural lore, literary allusion, parody, etc.
