Organ Transplants #80 in Books > Medical Books > Medicine > Surgery > Transplants #106

in Books > Health, Fitness & Dieting > Diseases & Physical Ailments > Organ Transplants

## Customer Reviews

This is terrible. It has nothing to do with transplant or hepatology, and is barely a review book. Provides no useful questions that are in any way related to transplant hepatology. The authors should be ashamed of themselves for false advertising, as should as the title of this is misleading, and this has nothing to do with transplant hepatology.
