Nee Naw: Real Life Dispatches From Ambulance Control

Synopsis

Suzi: "Ambulance service, what's the problem?" Caller: "Help! My baby's not breathing!" When you dial 999 for an ambulance, Suzi's could be the voice you hear on the other end of the phone. Working in one of the country's busiest control rooms, it is her job to stay on the phone until the ambulance arrives, and to give instructions that could save your life. From taking the first calls after the terrorist attacks on 7th July 2005, to delivering a baby over the phone, whether helping the child whose mum has attempted suicide, or dealing with the many regular callers - serial hoaxter The Banana Man, Sally the young alcoholic and Mad Brenda, each with their own surprising stories to tell - Suzi has heard it all. Nee Naw will take you on a whirlwind tour of life in the emergency lane, introducing you to some unforgettable characters. Suzi Brent will make you laugh, she'll make you cry, but never again will you dial 999 for a broken finger... Suzi: "Ambulance service, what's the problem?" Caller: "I've eaten too much, and now I feel really sick. Can you die from eating too much?"

having read half through the book i found the author gives her sincerity and her job loving will into this book. i think she wrote the stories on her blog before publishing this book but i'm not sure about that. while most EMS folks will likely to enjoy reading this book (i'm an EMT) but most general public may not find their daily interest associate with this book and i found a few chapters are a bit yawning (sorry dont want to say that!). i appreciate the author as it might be a single book about EMD's experience avilable in the market and wishing it to be translated into other languages (e.g thai). thanks!

This book tells about how ambulance dispatchers work. Although it took place in The United Kingdom, the events that occurred in this book could easily take place anywhere.
