Atlas Of Clinical Gross Anatomy: With STUDENT CONSULT Online Access, 2e

Synopsis

Atlas of Clinical Gross Anatomy uses over 500 incredibly well-executed and superb dissection photos and illustrations to guide you through all the key structures youâ€™ll need to learn in your gross anatomy course. This medical textbook helps you master essential surface, gross, and radiologic anatomy concepts through high-quality photos, digital enhancements, and concise text introductions throughout. Get a clear understanding of surface, gross, and radiologic anatomy with a resource thatâ€™s great for use before, during, and after lab work, in preparation for examinations, and later on as a primer for clinical work. Learn as intuitively as possible with large, full-page photos for effortless comprehension. No more confusion and peering at small, closely cropped pictures! Easily distinguish highlighted structures from the background in each dissection with the aid of digitally color-enhanced images. See structures the way they present in the anatomy lab with specially commissioned dissections, all done using freshly dissected cadavers prepared using low-alcohol fixative. Bridge the gap between gross anatomy and clinical practice with clinical correlations throughout. Master anatomy efficiently with one text covering all you need to know, from surface to radiologic anatomy, thatâ€™s ideal for shortened anatomy courses. Review key structures quickly thanks to detailed dissection headings and unique icon navigation. Access the full text and self assessment questions at studentconsult.com. Get a clear understanding of the human body through surface, gross and radiologic anatomy all in one place.

Customer Reviews

this book is fantastic. the illustrations are phenomenal and the text and descriptions are simple and easy to follow. My only anatomy class up until this point was one semester of basic anatomy in high school and atlas of clinical gross anatomy makes it seem like ive been studying it for years!

Perfect for helping with the dreaded class known as A&P! As a nursing student, this book has been nice to use again and again!

Excellent textbook!

Good quality

It's ok. I expected more for the price.
