Got it because I had to for class (Com230). It's an okay book I guess but I think it's overpriced for such a introductory book.

Renting is way better than buying. Book helped me score an "A" in speech class.

It met my expectations being that I will only use it for this semester.

Great condition, and at a good price.

The information I have learned in this book has already helped me so much. I soup refer this book to anyone needing some guidance with public speaking and presentation aids.

The price was good for this book.

Great product.

Delivered on schedule and was exactly as described.
