Customer Reviews

This is the only correct book I got. Thank you so much. I have ordered other books from other third party agents which are wrong editions. The other third parties put the new ISBN number and sell their old edition books.

Needed this for my reading class I am starting. It's definitely the right book I needed but it wasn't what I expected.. Technically this isn't really a "textbook." It's a bunch of hole punched pages you have to put into a binder to make a textbook. Which is annoying because now I have to run to the store and buy a stupid binder for this.. I guess it beats returning so this will have to do. Just a warning before buying. If you don't mind having a big bulky binder as your textbook, then this will do fine.
